

COVERINGS EXHIBIT DISPLAY REGULATIONS

Coverings Show Management has developed these Exhibit Display Regulations in accordance with the guidelines adopted by the International Association of Exhibitions and Events. All exhibits must conform to these regulations. Exhibits not in compliance must be brought into compliance prior to the end of exhibit set-up. These regulations will give all exhibitors—regardless of size—an equal opportunity, within reason, to present their product(s) in the most effective and safe manner possible.

IMPORTANT EXHIBIT SPACE REMINDERS

- Place all flooring, electric, and internet orders prior to arrival in Las Vegas so you can begin constructing your exhibit immediately. The target floor plan will be available in January 2022.
- Exhibits over 600 square feet must provide detailed booth designs for approval to Show Management prior to move-in. The designs can be emailed to exhibitor@coverings.com.

Social Distancing Considerations for Your Booth Design

- Keep areas open when possible, to accommodate social distancing in your booth
- Establish clear points of entry and exit to your display
- Consider using floor graphics or street signs in your booth to direct traffic flow

In addition to the terms on the exhibit space contract your company signed, these rules are an integral part of our contract with you. If you have any questions, or need an explanation of a regulation, please contact our Customer Relations Department at +1 571-313-5159 or exhibitor@coverings.com.

Coverings Show Management strives to do our very best to ensure you have a successful event. For questions or assistance regarding your booth designs and approval contact Patti Hoffend at phoffend@taffyevents.com.

NEW FOR 2022 – EXHIBITOR INSURANCE

All exhibitors, including those within designated pavilions, must provide proof of liability insurance in the form of a certificate of insurance (COI). Covering's exhibitors are required to carry Commercial General Liability Insurance with limits of at least \$1,000,000 per occurrence, \$2,000,000 aggregate, Umbrella Liability with limit not less than \$2,000,000. International Tile Exposition, a Joint venture d/b/a Coverings, Taffy Event Strategies, Freeman, and the Las Vegas Convention Center shall be named as Additional Insured. Certificate holder is:

Taffy Event Strategies
2300 Clarendon Blvd, Ste 305
Arlington, VA 20001

This Insurance must be in force during the lease dates of the event, March 28, 2022 - April 11, 2022. **No exhibitor will be allowed to set-up until a valid certificate of insurance is provided. Upload all valid Certificates [HERE](#) or email to exhibitor@coverings.com.**

If you do not have general liability insurance or wish to purchase insurance for this event only, [click here to apply online](#) or contact Kendra Monahan at kmonahan@risk-strategies.com or +1 212-867-3642 to obtain an application. General liability insurance:

- Protects exhibitors who do not have Commercial General Liability Insurance or who do not want to use their own insurance
- Protects foreign exhibitors whose insurance will not pay claims brought in U.S. courts

USE OF EXHIBITOR APPOINTED CONTRACTORS (EAC'S)

An **Exhibitor Appointed Contractor (EAC)** is any company—other than the designated official contractors listed in this manual—that an exhibitor wishes to use, and which requires access to the exhibit hall before, during, or after the show. These include independent display/installation and dismantle companies or anyone who is not an employee of your company that you will have working on your equipment and products.

Also included are delivery personnel, technicians, photographers, florists, A/V companies, and anyone hired by the exhibitor who needs access to the exhibit hall. Permission to use an EAC cannot be given for utilities, catering, booth cleaning, or material handling services, as these are exclusive to the convention center and/or the general contractor. **Exhibitors who plan to use EAC's must read and act on the remaining pages of this section.**

HOW TO OBTAIN AUTHORIZATION TO USE AN EAC

Exhibitor MUST make a request in writing: Exhibitors who wish to use an EAC **MUST** fill out the [Notification of Intent to Use Exhibitor Appointed Contractor](#) form. Taffy Event Strategies must receive notification no later than March 1, 2022. No approvals can be granted after the deadline.

EAC's must provide a Certificate of Insurance: Copies can be uploaded in the Notification form or emailed to exhibitor@coverings.com. **Every person** needing access to the show floor must be covered by insurance. **(Exhibiting companies are required to insure their own personnel.)** Any person, who is not a direct employee of the exhibiting company, must provide his/her own proof of insurance before being allowed access to an exhibitor's booth on the show floor. If you do not have and need to purchase EAC Insurance, [click here](#) for application and further details. Or contact Kendra Reilly Monahan at kmonahan@risk-strategies.com or +1 212-867-3642

Written acceptance of show rules from the EAC: Written acceptance on the [Notification of Intent to use an Exhibitor Appointed Contractor](#) form, specifying that the EAC will abide by all show Rules and Regulations Governing EAC's including those contained herein for exhibitor designated contractors. This written acceptance must be received by Show Management by no later than March 1, 2022.

Show Management will authorize the exhibitor to use an EAC to provide services to the exhibiting firm, upon receipt from the EAC of the following:

- a. Certificate of Comprehensive General Liability insurance in the amount of \$1,000,000 per occurrence, \$2,000,000 aggregate for Independent Contractors who have been authorized by Show Management to enter the premises of the show site hired by Exhibitor, with Single Limit Bodily Injury and Property Damage Coverage for each occurrence, Contractual Liability coverage, Products Liability coverage, and with completed operations coverage included.
- b. Workers' Compensation, Employee and Employers' Liability coverage in full compliance with all laws covering clients' employees.
- c. Taffy Event Strategies, Coverings, a joint venture, Las Vegas Convention Center, and Freeman shall be named as additional insured on all policies of insurance coverage, followed by the statement: "This coverage is primary to all other coverage of the additional, named insured with respect to (Exhibitor's) contract for exhibition space with Taffy Event Strategies/Coverings, and preparation and use of the show premises for exhibitions." Certificate holder is:
Taffy Event Strategies
2300 Clarendon Blvd, Ste 305
Arlington, VA 20001

- d. Written notice of cancellation of any coverage must be given to Show Management, and proof of replacement coverage meeting the same conditions as expressed above before entering the premises of the show site.
- e. Any other coverage as may be required by Show Management from time to time shall be obtained on demand.

Exhibitors utilizing EAC's agree to indemnify and hold harmless Coverings, a joint venture, Taffy Event Strategies, Freeman, and the Las Vegas Convention Center from all liability, including attorney's fees, which may arise due to the third-party contractor's (EACs) presence or actions.

Exhibitors will be notified directly only if authorization is **NOT** approved. Therefore, unless the exhibitor is so informed by Show Management, and if the listed conditions are met, approval to use an EAC is implied.

RULES & REGULATIONS GOVERNING EAC'S

- The EAC will refrain from placing an undue burden on the Official Contractor by interfering in any way with the Official Contractor's work.
- The EAC will not solicit business on the show floor at any time.
- The EAC will share with the Official Contractor all reasonable costs incurred in connection with his operation, including overtime pay for stewards, security, if necessary, restoration of exhibit space to its initial condition, marking of exhibit floor, etc.
- The EAC will cooperate fully with the Official Contractors and will comply with existing labor/union regulations or contracts as determined by the commitment made and obligations assumed by Show Management in any contracts with the Official Contractors.
- **ALL** EAC's and their labor must be badged through Show Management by using the link to the online EAC Notification in this section of the manual. No one will be allowed on the show floor without proper identification.
- ALL EAC's must provide detailed booth designs for approval to Show Management prior to move-in.
- EAC's will not be permitted to store equipment in the convention center. Due to limited space and fire regulations, all equipment must be stored off the premises. If found, equipment will be removed from the building.
- The EAC, under no circumstances, will be allowed to remove floor-marking tape until the close of the exposition.

SHOW READY PROGRAM

All displays must be in place and display material, cartons and refuse must be labeled as empty or trash by 12:00 p.m., Monday, April 4, to facilitate the placement of the aisle carpet. All stands must be set by 3:00 p.m. April 4.

Due to the volume of crates, limited space for set-up, and to facilitate the installation and cleaning of aisle carpet, a **CLEAN FLOOR POLICY will be enforced**. To avoid any additional charges, empty all wood crates and **label them for removal no later than 12:00 p.m. on Monday, April 4**. The remaining time is left for exhibitors to complete final touch-up on their displays and setting their product. This will facilitate the show opening on time by clearing the aisles. Exhibitors who fail to comply with these procedures are subject to a fine. **Exhibitors will be permitted to work within their exhibit space until 5:00 p.m. on April 4**. Please schedule your labor accordingly. Permission from Show Management will be required if you need to be in your booth space beyond 5:00 p.m. on April 4.

DISPLAY REGULATIONS

The Cubic Content Rule

Coverings follows the cubic content rule, which allows exhibitors to make maximum use of their booth space. Under the cubic content rule, exhibitors may build up to the front of their booths, and up to the maximum allowable height according to booth type as described below.

Linear or In-Line Booth

Linear Booths have one side exposed to an aisle and are generally arranged in a series along a straight line. Linear Booths are ten feet (10') wide and ten feet (10') deep, i.e. 10'x10'. In-line booths have an eight-foot (8') back wall height limit.

Hanging Signs: Hanging signs are not allowed in linear/standard booths.

Perimeter Booth

Perimeter wall exhibits are linear booths that back to a wall of the exhibit facility rather than to another exhibit. They are offered in 10' widths and can be combined to create an exhibit of almost any length. Perimeter booths have a twelve-foot (12') maximum height limit.

Hanging Signs: Hanging signs are not allowed in perimeter wall exhibits.

Peninsula Booth

A peninsula exhibit is exposed to aisles on three (3) sides and composed of a minimum of four booths. A peninsula is 20'x20' or larger. The maximum height permitted for any sign, display, product, fixture, or decoration within the exhibit is 20'. Any portion of the exhibit bordering another exhibitor's exhibit space must have the back side of that portion finished.

Hanging Signs: Maximum height of 25' from the top of the sign to the floor. Signs must be finished on all sides. Signs, lettering, or graphics facing a neighboring exhibit must be located at least 10' from that exhibit, unless the side facing the neighbor is blank.

Split Island Booth

A Split Island Booth is a Peninsula Booth which shares a common back-wall with another Peninsula Booth. The entire cubic content of this booth may be used, up to the maximum allowable height, which is twenty (20') feet, without any back-wall line of sight restrictions. A Split Island booth is 20'x20' or larger.

Hanging Signs: Maximum height of 25' from the top of the sign to the floor. Signs must be finished on all sides. Signs, lettering, or graphics facing a neighboring exhibit must be located at least 10' from that exhibit, unless the side facing the neighbor is blank.

Island Booth

An Island Booth is a booth exposed to aisles on all four sides. An Island Booth is 20'x20' or larger. *Anything less than 20'x20' is not an island and will have an eight-foot (8') restriction and no hanging signs will be allowed.* The entire cubic content of the Island Booth may be used to the maximum allowable height which is twenty (20') foot height limit.

Hanging Signs: Maximum height of 25' from the top of the sign to the floor. Signs must be finished on all sides. Signs, lettering, or graphics facing a neighboring exhibit must be located at least 10' from that exhibit, unless the side facing the neighbor is blank.

Booth designs over 600 square feet must be submitted to show management for approval at phoffend@taffyevents.com.

AGE RESTRICTIONS

No one under the age of 18 is permitted in the exhibit hall during move-in and move-out.

INSTALLATION EXCLUSIONS

All exhibits must be free standing. No bolts, screws, hooks, or nails shall be driven into or otherwise attached to the walls or floors of the exhibit areas. No part of the display may be attached to, or otherwise secured to, the drapery backdrop or side dividers. In addition, no decals or other adhesive materials shall be applied or affixed to the walls, pillars, or floor of the exhibit areas. Exhibitor shall not post any sign of any description except within the confines of the exhibit space assigned.

LIGHTING & SOUND REGULATIONS

Lighting – Lighting can be an integral part of an exciting exhibit presence, however in the interest of fairness and safety, the following guidelines have been established:

- The use of flashing or strobe lights in an exhibit is not permitted. Garish neon lighting will also not be permitted.
- Any overhead/truss lighting must fall within the booth boundaries of the exhibitor's contracted booth space and may not extend outside these lines into airspace over the aisles or neighbors' booths.
- Directional or projected lighting must be aimed into the exhibitor's own booth space, and may not be projected into neighboring exhibit spaces, the aisles, or ceiling. Video projection equipment and screens must be in the rear one-third of in-line (10' deep) booths, in the center area of island and peninsula booths.
- Lighting may not be shined directly at attendees; use of any potentially harmful lighting devices (lasers, UV lighting) must obtain prior approval from show management and correspond to national safety standards.

Sound – The following noise abatement policy will be enforced at Coverings:

Sound levels of all A/V presentations must not be audible more than three feet into the aisles or adjacent booths. The most important feature is that the dispersion of the speaker is entirely directed at the carpet or other non-reflecting surfaces (NOT into the aisles). After a reasonable number of warnings, demonstrations found to be objectionable due to noise or *sound pressure/vibration* level may have power disconnected at the discretion of show management.

MULTI-LEVEL & COVERED BOOTH

Detailed plans of multiple-story or enclosed booths must be submitted **at least two months prior to move-in**. Plans must indicate if the exhibit is multiple-story and/or enclosed with a ceiling. Multiple-story booths cannot be located under passenger or utility truss ways. Booth plans must specify the maximum number of occupants and must have a structural engineer's stamp certifying the maximum occupant load capacity. Certain booths may require Fire Watches, electrical ventilation, smoke detection devices, fire extinguishers, multiple exits, etc., as required by Fire Prevention Officials. Contact Freeman for specific requirements for your exhibit and find the application in the LVCC Builders Brochure in Additional Services section.

UNFINISHED AREAS

All open or unfinished sides of the exhibit which may appear unsightly must be covered or Show Management will have them covered at exhibitor's sole expense. Any portion of the exhibit bordering another exhibitor's space must have the backside of that portion finished and not have any identification signs, lettering, or graphics that would detract from the adjoining exhibit.

PRODUCT DEMONSTRATIONS

All displays, product demonstrations, and sales activities in the exhibit hall must be kept within the confines of your contracted booth space. Selling in the aisles, hosting audiences in the aisles, booth encroachment into the aisles, distributing literature in the aisles, etc., will not be tolerated. This is not only unfair to your fellow exhibitors, but blocking aisles creates a potentially unsafe situation which could lead to the show floor being shut down by the fire marshal. Please be considerate to your fellow exhibitors – refrain from soliciting their business during show hours (when they are trying to make a sale).

NON-EXHIBITING COMPANIES/SUITCASING

There are manufacturers and distributors who will attend Coverings 2022, but not to exhibit. Some non-exhibiting suppliers may attempt to **"suitcase"** the Show, to approach buyers and exhibitors for the purpose of selling their product in the aisles. Suitcasing is the act of soliciting business in the aisles during the exhibit or in other public spaces, including another company's booth or a hotel lobby.

This practice is prohibited by Coverings and Show Management and anyone observed approaching buyers in the aisle or in an exhibitor's booth, who is not a legitimate exhibitor, should be reported to Show Management. The individuals will be asked to leave the show immediately. This will be strictly enforced with the intent of preserving the integrity of the Show and maintaining a good relationship between buyer and exhibitor. The assistance of exhibitors in watching for this type of activity and reporting it is greatly appreciated. Exhibitors are especially encouraged to note the person's name and company. In addition to this, special screening will take place by Show Management in the registration area for this type of attendee to prevent them from engaging in unauthorized selling in the Show. If you see a non-exhibitor trying to sell ("suitcase") on the exhibit floor, please pass their business card to show management as soon as possible. We will do everything we can to curtail unfair (and unacceptable) sales practices.

SELLING (CASH & CARRY POLICY)

"Cash and Carry" sales are **not** permitted on the show floor. This regulation will be strictly enforced.

IN-BOOTH CATERING

Catering is permitted in exhibits. Orders for food and beverage must be ordered from Centerplate at the Las Vegas Convention Center. The Order form is in the Additional Services section.

SPECIAL WORK PERMITS

Exhibitors who require access to the exhibit hall outside the published hours must be issued a Special Work Permit from the Show Management Office. Please ask your floor manager or come to the Show Management Office no later than 4:00 p.m. to obtain your Special Work Permit for that evening. Only those inside of the hall at closing are permitted to remain in their booth. No roaming the exhibit hall is allowed. Additional security may be required at the exhibitor's expense if late work permits are required. We urge you to complete your exhibit installation/dismantling during specified hours.

PHOTOGRAPHY REGULATIONS

Exhibitors must authorize all photographs of their booth!

Should an exhibitor object to their display being photographed, photographs of that display will be prohibited. Show Management has appointed Official Photographers to provide commercial photographs of exhibits. No other commercial photographer will be admitted to the exhibits unless special arrangements are made with Show Management.

If you hire a photographer other than the Official Show Photographer, you must hire security to escort your Exhibitor Appointed Photographer. Please refer to the Security Guard Order Form found under Additional Services.

Anyone found taking unauthorized photographs (still or in motion) within the exhibit halls and registration areas, will be ejected from the show and have their photography equipment confiscated. If the violator of this policy is an exhibiting company, Show Management reserves the right to remove the exhibit and exhibitor from the show at the exhibiting company's expense.

It is important to understand the primary purpose of security provided by Show Management is to control access in and out of the exhibit hall and not to secure individual booths. If you feel your booth is a potential photography target, we recommend you hire a security guard for your booth – a security guard order form is found under Additional Services.

BALLOONS

Helium balloons may not be given out inside the convention center but may be authorized for permanent attachment for displays with prior approval of the convention center.

PEEL-OFF LABELS, STICKERS, TAPE

The distribution of peel-off labels and decals is prohibited. Tape cannot be used to adhere signs to building walls or columns and may not be used to adhere items to any building flooring or other surfaces outside the exhibitor's booth. Removal and repair will be billed to the exhibitor. Please provide your own roofing paper, if needed, or see the Freeman section of this manual to order roofing paper.

FACILITY EQUIPMENT

Exhibitors are prohibited from using building equipment, i.e., ladders, tools, chairs, tables, stanchions, dollies, forklifts, vacuums, brooms, etc.

GRATUITIES

The Las Vegas Convention Center and union labor employees are not permitted to accept gratuities of any kind. If you are solicited for a tip by convention center employees or booth labor personnel, please report the incident to show management.

AMERICANS WITH DISABILITIES ACT (ADA)

Exhibitors must acknowledge their responsibilities under the Americans with Disabilities Act (ADA) to make their booth accessible to persons with disabilities. The key publications of concern to exhibitors are the ADA's *Title III Regulations* and *Guidelines for Small Businesses*. These can be viewed via www.ada.gov/smbusgd.pdf, or ordered through the US Department of Justice's ADA Information Line at +1 800-514-0301.

Exhibitors with complex displays should pay special attention to the following conditions. Platforms and steps should not be used, or alternative access must be provided in the form of ramps with a grade of not more than one inch to one foot. The maximum rise for any run is 30 inches. Ramps with a rise of more than six inches, or a run longer than six feet, should have railings on both sides. Ramps must have edge protection in the form of curbs, walls or railings, and must have level landings at the bottom and top of each ramp. Rough or unfinished edges are not permitted. Landings should be at least as wide as the ramp and should be at least five feet in length.

Exhibitors shall also indemnify and hold harmless Taffy Event Strategies, Coverings, a joint venture, Freeman and Las Vegas Convention Center against cost, expense, liability or damage which may be incident to, arise out of, or be caused by Exhibitor's failure to have their booth comply with requirements under the Act.

MUSIC LICENSING

Exhibitors using music in their booth, either live or mechanical, must provide Taffy Event Strategies with a copy of the exhibitor's Licensing Agreement with ASCAP, BMI, SESAC or other such licensing organization or must expressly warrant in writing to Taffy Event Strategies that no such license is required due to exemption under 17 U.S.C. § 110 (5) or other specified exemption. Further, should Exhibitor play music, Exhibitor agrees to indemnify and hold Taffy Event Strategies and/or the Association harmless from any action brought against Taffy Event Strategies or Coverings, a joint venture, by ASCAP, BMI, SESAC or other licensing organization for the playing of such music.
